Parent Involvement with the success of there student in mind

This is a small list of expectations of a parent with the Decatur Central color guard program. The color guard program can help promote; Higher grades, improved social skills and increased self-confidence.

- Help is needed with organizing events for the color guard
 - Friday night dinner serving.
 - Saturday Competition meal serving.
 - Uniform washing (prefer one parent)
 - Chaperone on events
 - Football games (at the beginning help get the members ready. Be there to answer question and assist if needed.)
 - Marching Band Competitions (5-6 pre-event)
 - o Help make sure the members are ready
 - o Uniforms on
 - o Gloves
 - o Equipment
 - o Shoes
 - o Proper Undergarments
 - Make-up and hair are correct.
 - Riding the bus to and from contest.
- Someone in charge of Spirit Signs for the members
 - Would like for someone to take charge of making signs for the member's lockers.
 - This can be a group of parent's with a parent leader.
 - Would be responsible to hang signs on the member's lockers each week during competition season.
 - The signs would be made by the parents and supplies would be purchased by the parents for the students.
 - o This could come as a blank donation for all parents. \$3.00-\$5.00 range for entire season.
- Prop help with marching props
 - This is great for dads; and mom's not leaving you out.
 - Help will be need to make the props for the marching season
 - Help will be need to maneuver props at contest
 - Help unloading off the semi
 - Help moving them to the staging area of the contest
 - Help reload them on the semi after competitions.
- Work at least 5 concessions events
 - Football (Varsity, JV, Freshman, 7-8th grade)
 - Volleyball
- Keep current on payment schedule and members extra needs.

This is a small list of expectation of a parent with the Decatur Central color guard program. The color guard program can help promote; Higher grades, improved social skills and increased self-confidence.

These are all benefits your child can gain from being enrolled in the right sport or activity outside of school. That's why so many parents make this a high priority for their children.

But a parent's involvement in a child's extracurricular activity (i.e., any activity outside of the regular school day) shouldn't end with the enrollment process. In fact, the more that a parent is involved, the better for the child's achievement. Your involvement can help to determine your child's success in extracurricular activities.
